

# PETITION:

## *3 Levels for VCE Modern Greek*

The undersigned petitioners call on the Victorian Government, the Minister for Education and the Minister for Multicultural Affairs to facilitate the development of differentiated VCE Greek Study Designs to better cater for students who are or wish to study VCE Greek. Currently, there is only a single course of study, irrespective of the level of Greek proficiency.

Given the significant number of students studying Greek in Victoria and their varying levels of proficiency, we therefore call on the State Government to work with the Victorian Curriculum and Assessment Authority to ensure the development of differentiated VCE Greek courses of study to better cater for the diversity of students studying Greek including:

1. Native Greek speakers studying VCE Greek;
2. 2nd and 3rd generation Greek speakers studying VCE Greek
3. Or students with no Greek heritage but who would like to study Greek at VCE.

Other languages offer differentiated streams to ensure there is no unfair advantage between students. Our Greek students deserve no less.
